Chair: Dr. Kazuyoshi Kon (Juntendo University, Tokyo, Japan)

Speaker: Dr. Kazushi Sugimoto (Mie University, Mie, Japan)

Title: Peptidemics: Novel approach to cancer diagnosis

8:50-9:20

Session 3 [Biomedical Aspect in ALD I (metabolic syndrome and cancer)]

Chair: Yoshinori Horie (International University of Health and Welfare, Tokyo, Japan)

Speaker: Prof. Samir Zakhari (NIAAA, NIH, MD, USA)

Title: Molecular mechanisms of alcohol-induced liver injury

9:20-9:50

Sponsored Lecture I (Otsuka)

Chair: Prof. Shuhei Nishiguchi (Hyogo College of Medicine, Hyogo, Japan)

Speaker: Dr. Motoh Iwasa (Mie University, Mie, Japan)

Title: Minimal hepatic encephalopathy and brain imaging

9:50-10:05

Coffee Break

10:05-10:35

Sponsored Lecture II (MSD)

Chair: Prof. Yoshiyuki Takei (Mie University, Mie, Japan)

Speaker: Dr. Naoki Fujita (Mie University, Mie, Japan)

Title: Iron overload in alcoholic liver disease and nonalcoholic steatohepatitis

10:35-11:05 ECM and ALD: beyond collagen and before fibrosis

Sponsored Lecture III (Chugai)

Chair: Prof. John Lemasters (Medical University of South Carolina, SC, USA)

Speaker: Prof. Helmut K Seitz (University of Heidelberg, Germany)

Title: The role of cytochrome P450 2E1 in alcoholic liver disease and alcohol mediated carcinogenesis

11:05-11:35

Sponsored Lecture VI (Lundbeck)

Chair: Prof. Hiroshi Yoneda (Osaka Medical University, Osaka, Japan)

Speaker: Prof. Karl Mann (Central Institute of Mental Health, Germany)

Title: "Nalmefene, a new treatment option in alcoholism"

11:35-12:05

Sponsored Lecture V (Tanabe-Mitsubishi)

Chair: Prof. Hiroshi Yoneda (Osaka Medical University, Osaka, Japan)

Speaker: Prof. Toshikazu Saito (Sapporo Medical University, Hokkaido, Japan)

Title: Alcohol dependence (**Tentative**)

12:05-12:50

Luncheon-Seminar (Takeda)

Chair: Prof. Mikihiro Tsutsumi (Kanazawa Medical University, Ishikawa, Japan)

Speaker: Kenichi Ikejima (Juntendo University, Tokyo, Japan)

Title: Alcoholic liver disease and metabolic syndrome (**Tentative**)

12:50-13:35

Special Lecture

Chair: Yoshiyuki Takei (Mie University, Mie, Japan)

Speaker: Kaname Shimaoka (Mie University, Mie, Japan)

Title: Conformational Regulation of Integrin Activation

13:35-14:05

Session 4 [Biomedical Aspect in ALD III (metabolic syndrome)]

Chair: Prof. Nobuhiro Sato (Juntendo University, Tokyo, Japan)

Speaker: Prof. Bin Gao (NIAAA, NIH, MD, USA)

Title: Therapeutic potential of interleukin-22 in alcoholic liver disease and pancreatitis

14:05-14:35

Session 5 [Biomedical Aspect in ALD IV (immunity in ALD)]

Chair: Prof. Hidekazu Tsukamoto (University of Southern California, CA, USA)

Speaker: Prof. Laura Nagy (Cleveland Clinic, NE, USA)

Title: Protective role of hemoxygenase-1 and CO in ethanol-induced liver injury in mice

14:35-15:05

Session 6 [Biomedical Aspect in ALD V (fibrosis in ALD I)]

Chair: Prof. Yasusi Matsuzaki (Tokyo Medical University Ibaraki Medical Center, Ibaraki, Japan)

Speaker: Prof. Gavin E Arteel (University of Louisville Health Sciences Center, KY, USA)

Title: ECM and ALD: Beyond collagen and before fibrosis

15:05-15:35

Session 7 [Biomedical Aspect in ALD II]

Chair: Prof. Kenji Fujiwara (Yokohama Rosai Hospital, Kanagawa, Japan)

Speaker: Prof. John Lemasters (Medical University of South Carolina, SC, USA)

Title: Alcohol, aldehydes and hepatic steatosis: role of mitochondrial voltage dependent anion channels"

15:35-16:05

Session 8 [Biomedical Aspect in ALD VI (fibrosis in ALD II)]

Chair: Prof. Helmut Seitz (University of Heidelberg, Germany)

Speaker: Prof. Hidekazu Tsukamoto (University of Southern California, CA, USA)

Title: Morphogens in alcoholic liver fibrosis and cancer

16:05-

Closing remarks: Yoshiyuki Takei (Mie University, Mie, Japan)

16:15-

Walking tour in Kyoto

19:00-

Official Dinner at Restaurant "Funatsuru"
